

Boxer for Android

Installation Guide

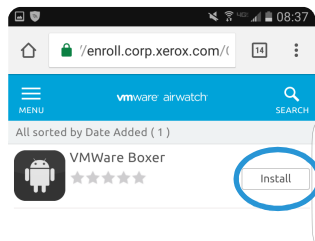

Before you begin: Print these instructions. Note: The instructions below were created using a Verizon Samsung S7. Your screens may vary slightly depending on your device and carrier. Your device must already be enrolled in AirWatch.

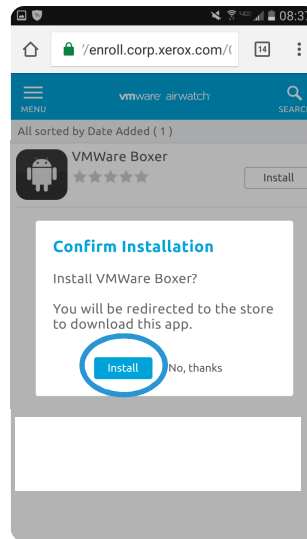

1. Tap your **AirWatch Agent** icon. Tap the **App Catalog** in the lower right corner.

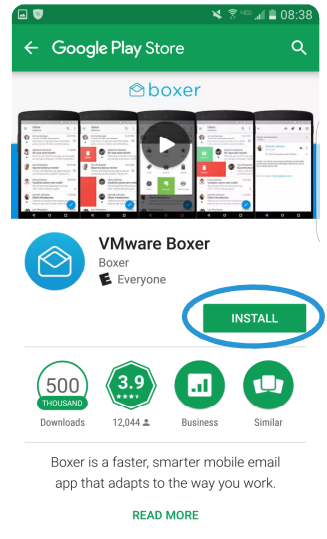

2. Tap **Install**

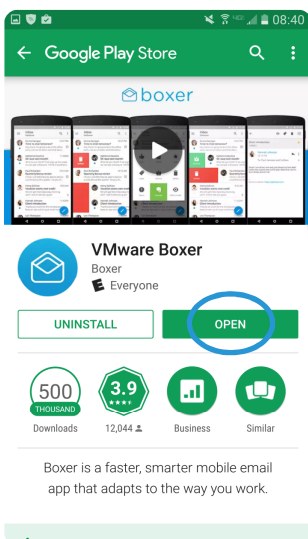

3. Tap **Install**.

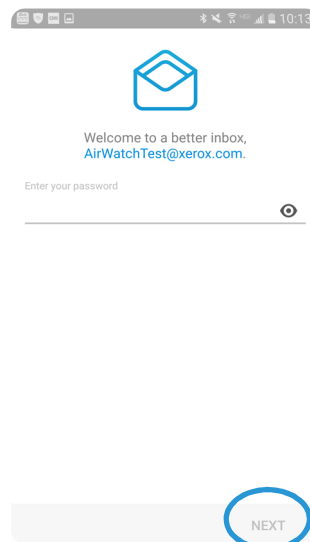

4. Choose **Install**.

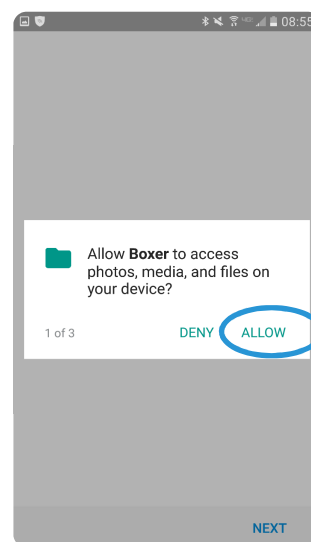

5. Tap **Open**.

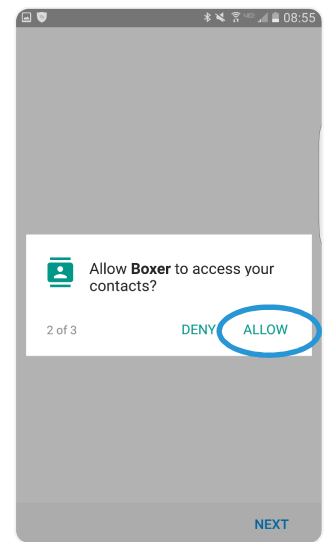

6. Enter your S3 or WIN ID password. Tap **Next**.

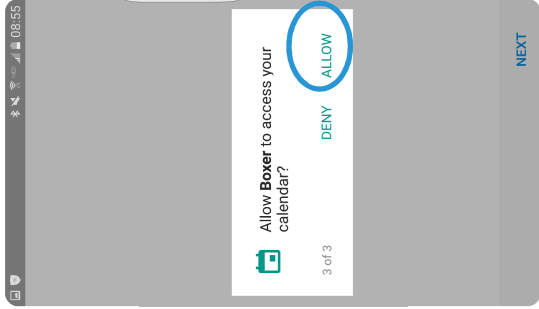

7. Tap **Allow**.

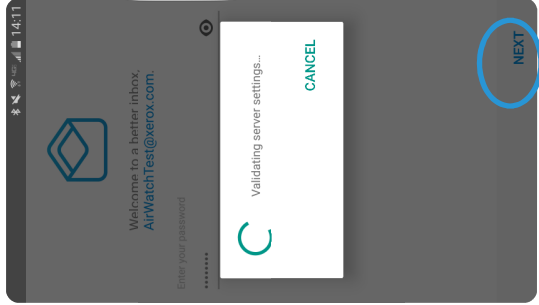

8. Tap **Allow**.

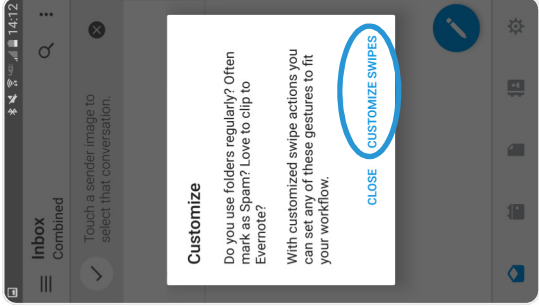

9. Tap **Allow**.

10. Your email is starting.

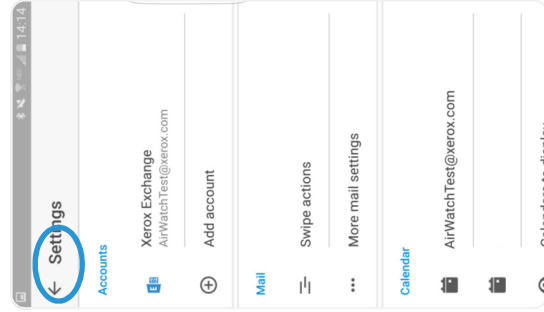

11. If you want to customize the swipe options at this time, tap **Customize Swipes**. Otherwise, tap **Close**

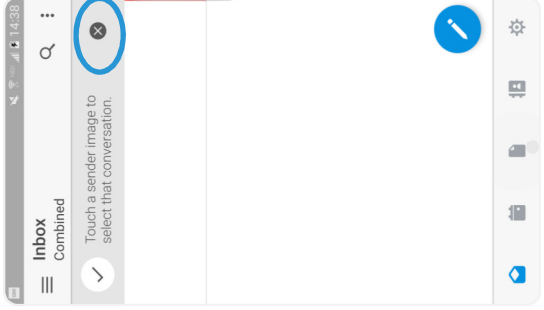

12. Each Swipe action can be customized by tapping the option and selecting the action you want to take.

14. When you have completed your customization, tap on the arrow to the left of **Settings**.

15. You should now see your email. Tap on the red X to remove the note.

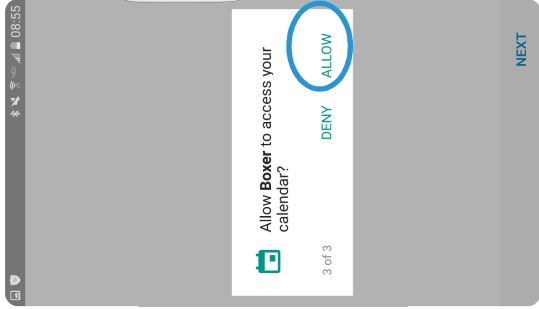

More Information and Support:
